Hello all,

John Yagecic from DRBC has sent a draft 2018 Water Quality Assessment report. DRBC plans to publish a final version to their website no later than August 2018.

If there are any comments to the draft 2018 Water Quality Assessment Report, please provide them to me no later than **June 30, 2018**. This will give us plenty of time to review, and also respect DRBC's plan to publish their document on time.

If there are any questions, or anybody I should have included in this email, please let me know.  
Thank you.
